**Cat. No. 52961** 7-1/4" Dia. for 3-1/4" to 6-3/4" Drain Openings, 14 GA

**Cat. No. 52962** 9-1/4" Dia. for 5-1/4" to 8-3/4" Drain Openings, 12 GA

**Installation**

From the top of the strainer, insert bolt through one of the four long slots in the strainer.

Slip bolt through hole in clip, and loosely thread into the nut. Repeat for remaining three clip sets.

After assembly, slide all four clip sets toward the center of the strainer.

Install strainer in the drain opening. Slide the clip sets outward until they contact the drain. Tighten bolts.
