

NEW PRODUCT

PlumbMaster Commercial Faucet Retrofit Kits for Chicago and T&S

- Retrofit kits allow you to replace wall-mounted T&S or Chicago faucets with PlumbMaster's commercial faucets without having to change out the inlets from the existing fixtures.
- PlumbMaster's commercial faucets feature heavy brass bodies and spouts, triple chrome plating and 1/4-turn ceramic disc cartridges. Retrofit kits allow an easy faucet upgrade without having to deal with the trouble of replacing corroded inlet arms and shanks.
- Retrofit kits fit all wall mounted faucets in PlumbMaster's commercial faucet line (Cat. Nos. 33066 – 33070, 33983, 36917).

Cat. No. 34354 Retrofit Kit for Chicago

Cat. No. 34355 Retrofit Kit for T&S
